

**The Paradise Pet Nanny Key Authorization Form**

“The Paradise Pet Nanny” : the owner Jennifer Darling.

“Client” : the owner (*and co-owner, if applicable*) of the animals(s) being provided care.

“Services” : any agreed upon service that has been requested by the client.

The Client authorizes The Paradise Pet Nanny to enter their home in order to provide services. The home where services shall be provided is located at:

\_\_\_\_\_ .

- 1) The Client understands that The Paradise Pet Nanny requires a physical key to be available any time services are provided, even if there is an electronic coded entry. The physical key must be provided due to the possibility of power outage, or system malfunction, etc. rendering key pad entry impossible.
- 2) The Paradise Pet Nanny does not require keys to be on file to provide services, but there will be a \$10 charge applied to the Client’s account if the keys are to be picked up and/or returned outside of the scheduled service times. (*\$10 fee per each pick up and delivery*).
- 3) Keys that are placed on file are kept in a safe and secure location, without any identification of the Client or the Client’s location.
- 4) If the client decides to stop using The Paradise Pet Nanny services, or moves, they must request return of the key. Keys that have not been used or claimed in over 3 years will be disposed of.
- 5) If the client chooses not to have a key on file, they must provide a secure means of delivery such as delivery in person, or a lockbox secured to the home. The Paradise Pet Nanny is not responsible for the loss of any key that is left in an unsecure way (*example: under porch mat, under a rock, in the mailbox, etc.*).

**The Client has elected to (please check and initial next to choice):**

[ ] Place a key on file with The Paradise Pet Nanny \_\_\_\_\_  
# of keys provided: \_\_\_\_\_

[ ] Provide key for each booking via lockbox or in person \_\_\_\_\_

[ ] Other (please describe) \_\_\_\_\_ .

**The Client understands and agrees to the terms outlined in this document.**
